border-radius on table cells

A green cell with a blue border, all four corners rounded by 3 mm.

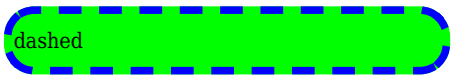

An ellipse: green inside a blue border, as wide and tall as the cell.

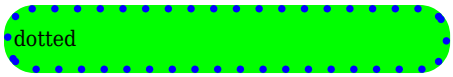

The top left and bottom right corners rounded, the other two square.

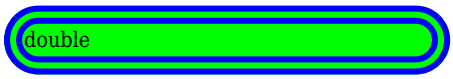

A blue dashed border running round the curves of the corners.

A blue dotted border running round the curves of the corners.

Two blue lines round the corners, green between them and inside.

Rounded and two-tone: dark outside and light inside at the top and left, the other way round at the bottom and right.

Rounded and two-tone: light outside and dark inside at the top and left, the other way round at the bottom and right.

Rounded and two-tone, the same tones as ridge.

Rounded and two-tone, the same tones as groove.

A red to blue gradient clipped to the rounded corners.

The pink of the row clipped to the cell's rounded corners; no border.

border-collapse: collapse ignores the radius: a square green cell with a blue border.
