Descendants inherit computed values

letter-spacing: 0.1em on a 20pt div. The 10pt paragraph inside it has its letters 2pt apart, like the one set to 2pt below it, not 1pt.

S p a c e d b y t h e d i v ' s e m

S p a c e d b y 2 p t o f i t s o w n

word-spacing: 1em on a 20pt paragraph. The words of the 10pt span in it are as far apart as the paragraph's own.

Big words and small words in a span

padding-left: 1em on a 20pt div, and padding-left: inherit on the 10pt paragraph in it. The paragraph's text starts two div paddings in, 14mm from the div's border.

Padded by what the div's em came to

font-size: 20pt, then 1.5em, 50% and 2em. The words are 30pt, 15pt and 30pt.

Thirty fifteen thirty

A span set to dir="rtl" around a block. Before and after the block, the Hebrew word is to the right of the Latin one. The block inherits the span's direction and is aligned right.

before שלום

A block in the span

after שלום

A block in an italic, shadowed span. The words before the span are upright and unshadowed; the span's words before, in and after the block are italic and shadowed.

Upright words *in the span*
A block in the span
after the block and upright again

A table in an italic, green span. The cell and the span's words before and after the table are italic and green; the words outside the span are not.

Plain words *in the span*

A cell in the span

after the table and plain again

A positioned block at the foot of the page, and a paragraph beside it in the flow. Both have line-height: normal, and their lines are the same distance apart.

A paragraph in the flow
at line-height: normal
three lines

A positioned block
at line-height: normal
three lines
