Quarterly operations report

DRAFT FOR REVIEW

Written with cssMode set to legacy.

The red stamp, top right, is a positioned block with word-spacing: 4mm. Standard: its words are spread 4mm apart. Legacy: they are set with ordinary spaces.

HIGHLIGHTS FOR Q3-2026

The heading is in capitals and the code in it sets text-transform: none. Standard: the code is red and in lower case, as written. Legacy: it is red and in capitals.

The callout sets a pale blue text shadow. Standard: its paragraphs and list items are shadowed. Legacy: none of its text is, the shadow stopping at its child blocks.

> Throughput rose for the *third* quarter running, and **two** sites met every target.
>
> - Order backlog cleared by week 9
> - Returns down to 1.8% of orders

SITE CODES

The table sets text-transform: uppercase. Standard: every code is in capitals. Legacy: the codes are as written.

north-01	north-02	coast-07	inland-12

KEY FIGURES

The table sets small capitals and a gold text shadow. Standard: the labels are in small capitals and every cell is shadowed. Legacy: the cells are as written, with no shadow.

Orders shipped	48,210
Average lead time	2.4 days
Customer rating	4.7 of 5

SITE PANEL

The panel cell is teal, bold, 10pt and monospaced, and holds a nested table. Standard: the nested table's cells are teal, bold, 10pt and monospaced too. Legacy: they are in the body's font, size and colour, and not bold.

North region north-01 12,400 north-02 9,850	Both northern sites ran a second shift from July. The panel beside this note repeats their order counts.
