Quarterly report third quarter

h1 at weight 700, its small set smaller and lighter. Standard: the title is bold and "third quarter" regular at 13.3pt. Legacy: both are regular at 16pt, the number replacing the heading's bold without being read, and so are the h2 headings below, at weight 600.

Revenue grew twelve percent over the quarter, and margins held **steady**.

The lead paragraph is larger and at weight 300; strong and em inside it are bolder, and b in em bolder again. Standard: the paragraph is 10.8pt, "twelve percent" and "margins held" regular at 400, and "steady" bold at 700. Legacy: the paragraph is 9pt and regular, but for "steady", which keeps the bold of b, as legacy drops the rule for b that goes through em, an inline element.

Summary

The table is at weight 500, its header cells at 700. The total cell is bolder, the notes smaller and lighter. A table nested in a cell is smaller, and its key cells bolder. Standard: the header cells and the total are bold and other cells regular; the notes and the breakdown are 7.5pt, the breakdown's keys bold. Legacy: every cell is regular at 9pt.

Line	Amount	Breakdown
