Floated images too wide to sit side by side

Left float first: the red image at the top left, the blue one below it at the right, both 120mm by 30mm. Text beside the red image on its right, then beside the blue image on its left, never over either.

Text beside the floats. Text beside the floats.

Right float first: the red image at the top right, the blue one below it at the left, both 120mm by 30mm. Text beside the red image on its left, then beside the blue image on its right, never over either.

Text beside the floats. Text beside the floats.
