outline

Blocks

solid 1mm red: a red band touching the outside of the blue border all round.

outline-offset: 2mm: the red band 2mm out from the blue border, white between them.

outline-offset: -3mm on a grey block: the red band inside the box, over the grey and the blue border.

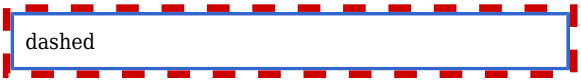

border-radius: 3mm: the red band rounds its corners with the blue border, its curves wider by the offset.

No outline-color, on purple text: a purple band.

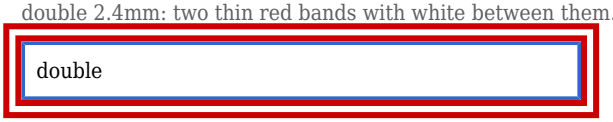

dashed and dotted: red dashes, then round red dots, all round.

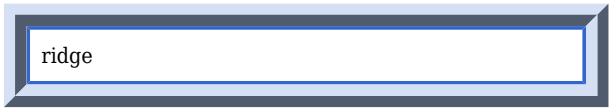

double 2.4mm: two thin red bands with white between them.

groove, ridge, inset and outset 3mm: two tones of blue. Groove is dark outside and light inside along the top and left, the other way round along the bottom and right; ridge is its reverse. Inset is dark along the top and left; outset is dark along the bottom and right.

Across a page

A block that breaks onto the next page: the red band is open at the foot of this page and at the head of the next.

Table cells

border-collapse: separate: the middle cell has a red band round its blue border, inside the spacing.

one	outlined	three

border-collapse: collapse: the middle cell's red band lies over the shared blue borders.

Images

A red band 1mm out from each picture; the second has a rounded blue border, and the band rounds with it.

Inline elements

A red box round the span, over its yellow background and blue border, with the bold word inside the same box.

Before outlined **bold** span after.

A span that wraps over three lines: open on the right of the first line, open both ends on the second, open on the left of the third.

Start: this outlined span goes on long enough to wrap
onto a second line, and then on further still, past the
end of that line, onto a third one end.

Two spans side by side, outlined alike: two closed boxes.
