Block-level images placed by their margins

display: block; margin: 0 auto: the image is centred, 80mm from the left edge of the box.

display: block; margin-left: auto: the image is at the right edge of the box.

A block image between text: "before" on a line of its own, the image centred on the next, "after" on the line below it.

before

after

An inline image in a text-align: center block, for contrast: centred by the text alignment, with the text beside it.

before after

A block image in a right-to-left block, with no auto margin: at the right edge of the box.

display: block; margin: 0 auto with 2mm padding and a 1mm red border: the border box is centred, the picture inside it.

A block image with margin: 0 auto beside a 40mm left float: centred in the 140mm beside the float, 60mm in from it.
