Families in the font shorthand and font face

Every box sets font-family: dejavuserif. No text on this page is drawn as empty boxes.

font shorthand

An unregistered family: 14pt, in the serif font the box sets.

Roboto is not installed

A quoted name with spaces: 14pt monospace.

"DejaVu Sans Mono" is read whole

An unquoted name with spaces: 14pt monospace.

DejaVu Sans Mono is read whole

Times New Roman, which mPDF maps to its serif font: 14pt serif.

Times New Roman is mapped

A list whose first two names are unregistered: bold italic 14pt monospace on widely spaced lines.

Roboto and Segoe UI are skipped, so this falls back to DejaVu Sans Mono and wraps onto a second line to show the spacing

A list with no registered name: 14pt, in the serif font the box sets.

Nothing in this list is installed

font face

An unregistered face: in the serif font the box sets.

Segoe UI is not installed

A face with spaces: monospace.

DejaVu Sans Mono is read whole

A list whose first name is unregistered: monospace.

Roboto is skipped
