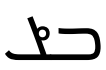
Cursive joining

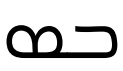
A letter of a cursive script takes its form from the letters either side of it, so a character read as joining on the wrong side is drawn correctly itself and misshapes its neighbour. Every sample runs right to left; read the letter on the right of each, and compare it with the two samples under it.

Syriac: Beth before Sogdian Fe

Beth, Sogdian Fe - initial Beth

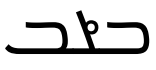


Beth, Semkath - initial Beth, the form to match



Beth alone - isolated Beth, the form it was given

Beth, Sogdian Fe, Beth - initial and final Beth



Arabic: Beh before Low Alef

Beh, Low Alef - isolated Beh

Beh alone - isolated Beh, the form to match

Beh, Alef - initial Beh, the form it was given
