A <title> is never drawn

The page header holds a <title> after "Header": it reads "Header" and nothing more.

A <title> between two paragraphs: "Before", then "After" on the next line, with no line between them.

Before
After

A <title> in a table cell: one cell reading "Cell".

Cell

A <title> holding bold markup inside a line: "Before after" on one line, nothing bold.

Before after
