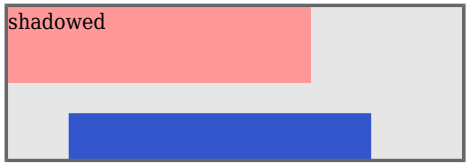
Overflow clips

Shadows inside a clip

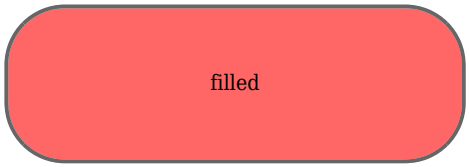
A 20mm grey box; the red box inside casts a blue shadow 14mm down and 8mm right, cut off at the grey box's bottom border.



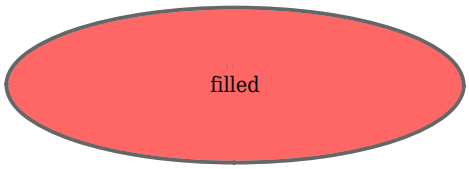
The same with overflow visible: the blue shadow runs 4mm below the grey box's bottom border.

Rounded clips

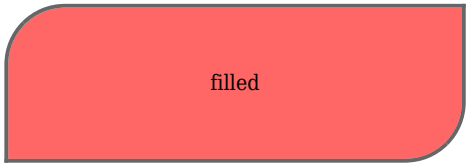
A 20mm box with 8mm rounded corners, filled red to its border; no red shows outside the rounded border at the corners.

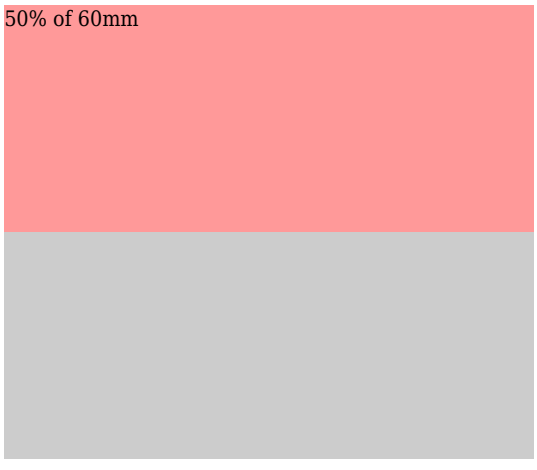


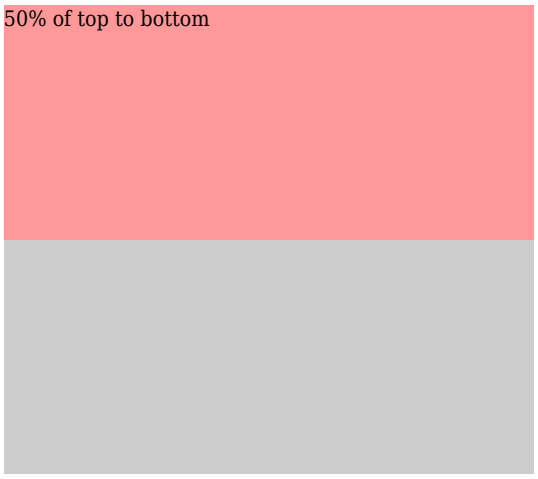
A grey-bordered ellipse filled red inside; no red shows outside it.



Rounded top left and bottom right corners only, filled red; the other two corners are square and red to the border.



Percentage heights in positioned blocks




Two grey boxes at the foot of the page. The left one is 60mm tall (height: 60mm) and the red block at its top is 30mm, half of it. The right one runs from 215mm to 20mm above the foot of the page (top and bottom), 62mm, and its red block is 31mm.
