Outline properties

CSS outline

outline-style, outline-width and outline-color: the text is plain black, with no red stroke, and a 1mm red outline runs around the box.

Outlined box

outline-width: thick on its own: the text is plain black.

Thick outline

mPDF's text-outline

text-outline-width and text-outline-color: the letters are stroked in red.

Stroked text

The text-outline shorthand: the letters are stroked in blue.

Stroked text

text-outline-color with outline-color beside it: the letters are stroked in red, not green.
