Floats with no width around content that is not a line of text

A float whose text wraps, with a short last line, takes the whole width as in a browser, and "bb" goes below it.

short
bb

A float holding only a 30mm image floated left is 30mm wide, and "bb" sits beside it.

bb

A float holding "aa" beside a 30mm image floated right is as wide as both, with "aa" and the image on one line, and "bb" beside the float.

aa
bb

A float with 3mm padding holding only empty blocks is 6mm wide, its padding alone, and "bb" sits beside it.

bb

A float holding a 20mm blue float right with a 10mm margin-left is 30mm wide, the blue box at its right, and "bb" beside it.

20mm
bb

A float right holding a 20mm blue float left with a 10mm margin-right is 30mm wide at the right margin, the blue box at its left, and "bb" at the left margin.

bb
20mm

A float with a forced page break inside it is as wide as "before the break" here and on the next page, where "bb" sits beside it.

before the break

after bb
